OPENING YOUR GEMINI

1 Locate the pull strap under the sofa seat. Grasp and lift the sofa seat/top bunk straight up.

2 Grasp the metal barrier/ladder and pull up until it clicks and locks into place.

3 Rotate the barrier up to a vertical position.

4 Slide it to the left until it clicks and locks in place.

5 To raise the bottom bed, reach between the mattress and the front bed frame, grasp the metal rod and the front edge up approximately 45 degrees while pulling forward slightly. Then lower the front edge until it is resting in the elevated position for sleeping.

CLOSING YOUR GEMINI

4 To lower the bottom bunk, grasp the metal handle and lift to approximately 45 degrees. Allow the back side of the mattress to descend the frame, then gently lower the front.

5 Slide the upper barrier to the right until the clasp is disengaged, then pull the barrier **while holding it firmly** towards you until horizontal.

6 Still holding the barrier, locate the black ring at the top of the ladder, and pull down towards the floor to release the latch.

7 Gently lower the barrier/ladder to rest on the bottom bunk.

8 Push down on the upper bunk until it is resting on the base.
