

# Ulisse/Ulisse Sofa/ Ulisse Dining

**Congratulations on your Ulisse Wall Bed!** We'll bet you didn't even know how smart you were. Of course, you are now the envy of all of your friends and neighbors, so get used to being admired. Your Ulisse Wall Bed system is designed to provide a lifetime of comfort and function, so follow these instructions and you'll get along famously.

OPENING YOUR ULISSE/ULISSE SOFA/ULISSE DINING

**1** Ulisse Sofa: Remove back cushions from sofa and store. Ulisse Dining: Remove articles from table surface that are more than 1" high

**2** Release Latches are located on both sides in the space between the outer structure and the front panel. Reach in with your index finger and release either one of the latches, pulling forward slightly on the release latch. For your safety, the bed frame will automatically stop after opening a few inches.

**3** Grasp one of the legs or the edge of the steel frame of the bed to pull down.

**!** **Make sure to support the bed frame for the entire descent until both bed legs are firmly resting on the floor.**

**4** Release the two mattress straps by squeezing the center of the clasp. Tuck the straps under the mattress

**5** See you in the morning!

**!** **Just one more thing – you can stand on principle, but never stand on the sofa or the table!**

- 1** Remove bed pillows and tuck bedding in on all sides around and under the mattress  
Latch both mattress straps over the bedding.

- 2** Stand toward one of the sides of the bed and grasp the underside of the steel bed frame to lift.

**!** **Ulisse Sofa: Do not grasp or attempt to lift the sofa! Lift only the bed frame!**

**Ulisse Dining: Do not grasp or attempt to lift the table! Lift only the bed frame!**

Continue to lift bed frame as you walk forward toward wall. The sofa or table will rise as the bed frame closes. Push bed frame into structure until you hear the latches "click."

**Note:** Your Ulisse Wall Bed is designed so that most bedding can remain on the bed when closed. If you experience any difficulty closing the bed, your bedding might be too thick.

- 3** **Have a great day!**  
**Just one more thing – you can stand on principle, but never stand on the sofa or the table!**

Ulisse is one of over 60 bed systems designed and made in Italy by Clei, the global leader in transforming furniture design and manufacturing for more than 50 years.

We know you'll be very happy together – Ciao!
